

DELTA CLEANTECH INC. COMMENCES TRADING ON THE CSE

CALGARY, Alberta - August 19, 2021 – [Delta CleanTech Inc.](#) ("Delta" or the "Company") (CSE: DELT) is pleased to announce that its common shares have commenced trading on the Canadian Securities Exchange ("CSE"), under the ticker symbol "DELT".

"This is a very exciting day for Delta and all the stakeholders who have helped us to this achieve this. We are looking forward to this new chapter for Delta and all the opportunities to come that will help make our world more sustainable and healthier", commented Jeff Allison, President of Delta.

Lionel Kambeitz, Executive Chairman shares, "this has not only been a professional accomplishment, but it has been a personal mission that I, and senior members of our team, have been working towards and believed in since 2004. With the development of our processes and technologies, we know firsthand the importance of ESG solutions as we work towards CO₂ capture and decarbonizing energy around the globe and reducing the carbon footprint on our way". "I would also like to thank all our team who have worked so hard to get us prepared for this opportunity."

About Delta

[Delta CleanTech Inc.](#) is a global leader in Environmental, Social and Governance (ESG) solutions including CO₂ Capture, Solvent, & Glycol Reclamation, and Blue Hydrogen. The Company has over 15 years of experience in the clean energy sector providing ESG-driven, Identity Preserved Waste ("IPW™") Solutions. Delta's proprietary CO₂ Capture System, Delta Low-Cost Design ("LCDesign®"), has been designed to significantly reduce the cost of CO₂ capture and improve the quality of captured CO₂. CO₂ emissions from smokestacks are captured using Delta's technology and can be used for new CO₂ utilization technologies.

Forward Looking Statements

This news release contains "forward-looking information" within the meaning of applicable Canadian securities legislation, which are based upon Delta's current internal expectations, estimates, projections, assumptions and beliefs and views of future events. Forward-looking information can be identified by the use of forward-looking terminology such as "expect", "likely", "may", "will", "should", "intend", "anticipate", "potential", "proposed", "estimate" and other similar words, including negative and grammatical variations thereof, or statements that certain events or conditions "may", "would" or "will" happen, or by discussions of strategy. Forward-looking information include estimates, plans, expectations, opinions, forecasts, projections, targets, guidance, or other statements that are not statements of fact. Specifically, this news release contains forward looking information relating to trading

of the Company's common shares on the CSE, the Company's engagement with investors going forward, among others.

Any forward-looking information speaks only as of the date on which it is made, and, except as required by law, Delta does not undertake any obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise. New factors emerge from time to time, and it is not possible for Delta to predict all such factors. When considering these forward-looking statements, readers should keep in mind the risk factors and other cautionary statements in Delta's Final Prospectus dated August 13, 2021 and filed with the applicable Canadian securities regulatory authorities on SEDAR at www.sedar.com. The assumptions, risk factors and other factors noted in the Delta final prospectus could cause actual events or results to differ materially from those described in any forward-looking information.

The CSE does not accept responsibility for the adequacy or accuracy of this release.
