

## Carbon Capture Technology Workshop Presented By Delta CleanTech a Smashing Success

(Calgary, Alberta) – September 30, 2022 — [Delta CleanTech Inc.](#) (“Delta” or the “Company”) ([CSE:DELT;](#) [FRA:66C;](#) [OTCQB:DCTIF](#)) Abu Dhabi office is pleased to report that the Carbon Capture Technology Workshop held on September 15th was an overwhelming success. Delta’s Chief Technology Officer, Dr. Ahmed Aboudheir, presented the workshop with the focus being on Delta’s commercial technologies for CO2 capture and management from industrial emissions sources such as natural gas processing, oil refineries, hydrogen production, cement plants, chemical productions, and power generation.

The event led to in depth technical and business discussions, along with networking opportunities amongst the representatives of 15 different companies such as Doosan, ADNOC, Department of Energy of UAE, Enerflex, Altrad, Khalifa University and more. The overall consensus of this comprehensive workshop was that the technologies presented are providing viable solutions to assist industries to meet their climate change cleanup targets.
